

Return Requirements

Apart from stock you received damaged or misbound, returned stock needs to arrive at our warehouse in mint resaleable condition. Stickers and their evidence must be removed.

If you require a Return Authority (as explained overleaf), please include only one Return Authority and claim number per consignment being returned – this will assist in the reconciliation of your account.

Keep No Fault returns separate from other returns.

Label each carton clearly with your account number, consignment note number, our Return Authority number (if one has been issued), your unique claim number and the carton number (eg 1 of 3, 2 of 3, 3 of 3).

If a Return Authority has been issued, you must include it with your return.

You are responsible for return freight costs (except for No Fault returns).

No Fault Returns

Books that need to be returned or credited through no fault of yours are called “No Fault” returns.

Misbound Or Damaged Less Than \$150 RRP (except Phaidon)

If you receive misbound or damaged books and the total retail value of the damaged/misbound stock is less than \$150 RRP on one invoice, no authorisation is required. Please simply:

- return the title page or jacket/back cover including the ISBN via Australia Post to United Book Distributors within 30 days of the invoice date,
- include your claim showing the invoice number and the reason (misbound or damaged).

A credit will be issued for the stock and the cost of the postage.

Phaidon No Fault Returns, Misbound Or Damaged Over \$150 RRP and other No Faults such as “wrong title”

All these No Fault returns require a Return Authority from After Sales at United Book Distributors. With the Return Authority you will receive return freight instructions as we pay the freight.

No Fault returns are to be sent back separately rather than mixed with other returns.
